That sounds great. I'm open to either a one-on-one or a larger meeting. I'd say our attendees would be the three of you and me if we go with something other than a one-on-one.

Hello, Mary –

I got a call from Jason Steele with SAD this morning, requesting a meeting between you and Al Lee, their SESer Director of Programs. He relayed that the Corps has had recent internal discussions about options to try to meet timelines for providing a decision about assumable waters.

One key question is what size meeting you would prefer. Jason mentioned a one-on-one as an option, but indicated a preference to include Tori White (Jacksonville), himself, and perhaps a couple of others. The earliest date offered is 2/14, so we have a bit of time.

I shared some basic information about process, that we're talking to DEP regularly, and that we're committed to working with DEP through issues so that we arrive at an approvable package. I also sent him the FACA subcommittee report.

If you'll let me know who you'd like at the meeting, I'll make the request via Pam.

~ Rosemary
